## **BASF introduces innovative leveling agents for solvent-borne and solvent-free coatings**

- Polyacrylate-based flow and leveling agents with exceptional compatibility
- Ideal for use in all solvent-borne systems, especially 2K topcoats

November 12, 2019 – BASF has globally launched two innovative polyacrylate-based leveling agents: **Efka® FL 3750** and **Efka® FL 3755**, which are specifically developed for all solvent-borne and solvent-free coatings.

Efka® FL 3750 and Efka® FL 3755 demonstrates brilliant compatibility in solvent-borne resin systems like acrylic melamine, 2K PU, alkyd, polyester and nitrocellulose lacquer. Other highlights include outstanding heat stability across paint systems ranging from 2K PU ambient curing to high temperature baking of acrylic and polyester coil systems.

Efka® FL 3750 and Efka® FL 3755 are an ideal choice for use in automotive OEM and refinish coatings, wood coatings and industrial coatings. Their application area can also be extended to UV curing formulations and powder coatings, as well as ambient curing and baking curing systems.

### **BASF's Dispersions & Pigments division**

The Dispersions & Pigments division of BASF develops, produces and markets a range of high-quality pigments, resins, additives and polymer dispersions worldwide. These raw materials are used

in formulations for a number of industries, including coatings, construction, adhesives, printing and packaging, electronics and paper. With its comprehensive product portfolio and its extensive knowledge of the industry, the Dispersions & Pigments division offers its customers innovative and sustainable solutions and helps them advance their formulations. For further information about the Dispersions & Pigments division, please visit [www.dispersions-pigments.basf.com](http://www.dispersions-pigments.basf.com).

### **About BASF**

At BASF, we create chemistry for a sustainable future. We combine economic success with environmental protection and social responsibility. The approximately 122,000 employees in the BASF Group work on contributing to the success of our customers in nearly all sectors and almost every country in the world. Our portfolio is organized into six segments: Chemicals, Materials, Industrial Solutions, Surface Technologies, Nutrition & Care and Agricultural Solutions. BASF generated sales of around €63 billion in 2018. BASF shares are traded on the stock exchange in Frankfurt (BAS) and as American Depositary Receipts (BASFY) in the U.S. Further information at [www.basf.com](http://www.basf.com).
